“The good news of the Good News

Rev. Robert C. Richardson

Fr. Bob is a retired priest of the Archdiocese of Washington who spends his retirement doing healing services, healing missions for parishes and a yearly weekend healing retreat. He has been involved with the laying on of hands for more than forty years thanks. His teachings are rooted in the Scriptures.

The good news of the Good News is that the divine son of God was born of a woman to share in our humanity and die in our place, the innocent for the guilty, so that we might have the opportunity to be born of the Holy Spirit and share in his divinity. What an awesome God we have. Jesus came to set us free from all that is not of God and enable us to share in the fullness of God.

During the Lenten Mission we will look at the sources and causes of our suffering, the awesome power of forgiveness and the magnificent benefits that accrue to the believer from our Lord’s human birth, death and resurrection; all of which moves us toward the culmination of his work , Pentecost, the gift of the Holy Spirit.

Each evening, in addition to the sharing of the Word of God, there will be an impartation of various types of healings: healing of past hurts, healing of relationships, healing of family life, and much, much more. The sacrifice of three evenings will bring you an abundance of blessings and prepare you for a wonderful celebration and commemoration of the events of Holy Week.
